

This story is a 42,735-word novel about the distant future. In this future spies control everyone with MRT (Mind Reading Technology) and mind read with all radicals, famous people, crazy people and so on. If they are a problem they will have their brain operated on in rehab. As the story progresses the spy protagonist is promoted to Chief Spy and then finally she seizes power as Supreme Empress Goddess. If you want to know the future read this book.
